## The Brady Brief - Working for Our Nation's Seniors

Dear Friend,

Congress is determined to be a voice for the economic needs of older Americans, and I am working every day on behalf of America's seniors to rebuild our economy, strengthen Social Security and Medicare, and protect our seniors from predatory financial schemes. With a strong foundation, we can ensure that this economy works for seniors and the middle class, instead of for CEOs and multinational corporations.

Recently, Congress has taken numerous steps to protect Seniors and improve their lives. The following are some of these important measures, but for more information visit [my website](#).

- Invested \$120 million in the Senior Community Service Employment Program
- Lowered the cost of food, energy and housing for America's seniors
- Extended Medicare's solvency without cutting guaranteed benefits
- Began to close the Medicare Part D Donut Hole
- Lowered the cost of prescription drugs

I remain committed to fighting for our nation's seniors, and I will continue to ensure Congress works to meet the needs of older Americans. If you have any questions regarding this or any other issue, don't hesitate to contact me.

Sincerely,

Robert Brady  
Member of Congress
